

Leave the National and State Do Not Call Lists as is, or tighter. Do not loosen the restriction for banks or any other business, for profit or non-profit. I do want to unlist my telephone number, but I have a right to privacy (and quiet) and I do not appreciate calls to solicit business, contributions, or donations. I choose my charities, hotels, and banks, and I do not appreciate pressure sales that infringe on my personal time at home with my family.
